

Alice Chiang

Alice Chiang has been a 1990 Board member for about 10 years. Her main areas of interest are the programs that help children, girls and women in Shaanxi province. Modeled after the very successful Spring Bud Program, Alice has coordinated the education support of 100 girls in Shaanxi Province from 4th grade through high school by her church, Valley Presbyterian Church in Portola Valley, CA. She has participated in the Microfinance Program and the CAEP Magic Moments program, by helping with production of videos and brochures. She also worked on the Teachers Workshop Committee.

Alice is a retired software engineer from IBM, working in the area of making software products and websites easier to use. She has a BA in history from Wellesley College, a MA in Education from Harvard and a Ph.D. in Educational Psychology from City University of New York. She is currently teaching a course in web design at the UCSC Extension.
